
a
network
s < 0: opposite charges in blocks
s > 0: like charges dominate
h, excess contact energy
s = s+ + s−
b
closed form
s < 0: opposite charges in blocks
s > 0: like charges dominate
h, excess contact energy
s = s+ + s−
ln Pc minus size trend (cell median)
c
closed-form terms of the network's outliers
%: share led by term
74%
26%
100%
lowest 1%: mean residual -0.33
(closed form -0.35)
highest 1%: mean residual +0.07
(closed form +0.06)
mean closed-form term of ln Pc
d
does MD support each term?
0: no signal
1: calibrated
wrong direction
slope of the MD residual on the term (validation)
